Code: QA-FSP-003	**LEBANESE PEARL FOOD**	
Issue Date: 09/08/2023	***Quality Assurance Department***	
Revision Date: 21/09/2026	FOOD SAFETY POLICY STATEMENT	

FOOD SAFETY POLICY

At Lebanese Pearl Food, the top management are committed to producing and supplying safe, high-quality products that consistently meet customer expectations and comply with applicable legal, regulatory, and food safety requirements.

Our scope includes the manufacturing, processing, packaging, storage, and distribution of:

- Salt products
- Tahini products
- Halawa products
- Loukoum
- Pulses, grains, sugar, and rice products

Top management shall establish, implement and maintain a food safety policy that:

• Demonstrates commitment to an effective Food Safety Management System (FSMS) that complies with applicable international standards and regulatory requirements.

• Ensures the production of safe products through the application of prerequisite programs (PRPs), Good Manufacturing Practices (GMPs), Good Hygiene Practices (GHPs), HACCP principles, and risk-based thinking.

• Identifies, evaluates, and controls food safety hazards throughout all stages of the production process.

• Complies with all applicable statutory, regulatory, and customer requirements.

• Provides the necessary resources, infrastructure, technology, and competent personnel to ensure the effectiveness of the Food Safety Management System.

• Enhances employee awareness through continuous training and promoting a strong food safety culture throughout the organization.

• Ensures continuous improvement of the Food Safety Management System through performance monitoring, audits, reviews, and measurable objectives.

Top Management is fully committed to:

• Supports this policy and ensures that it is communicated, understood, implemented, and maintained at all levels of the organization.

• Maintains effective internal and external communication with employees, customers, suppliers, contractors, and relevant interested parties on food safety matters.
